Oracle acquired Sun Microsystems in 2010, and since that time Oracle's hardware and software engineers have worked side-by-side to build fully integrated systems and optimized solutions designed to achieve performance levels that are unmatched in the industry. Early examples include the Oracle Exadata Database Machine X2-8, and the first Oracle Exalogic Elastic Cloud, both introduced in late 2010.

The map shown above is embedded from aprs.fi. It shows a view of Prague in the Czech Republic. As it is a live map, what you will see will depend on when you are looking at it, but during the daytime there are usually at least a couple of mobiles driving around (shown by a red car symbol) whose positions are shown on the map.
