

SPREADSHEET BASED DECISION SUPPORT SYSTEMS

## **spreadsheet based decision support pdf**

A decision support system (DSS) is an information system that supports business or organizational decision-making activities. DSSs serve the management, operations and planning levels of an organization (usually mid and higher management) and help people make decisions about problems that may be rapidly changing and not easily specified in advance—i.e. unstructured and semi-structured ...

A spreadsheet is an interactive computer application for organization, analysis and storage of data in tabular form. Spreadsheets developed as computerized analogs of paper accounting worksheets. The program operates on data entered in cells of a table. Each cell may contain either numeric or text data, or the results of formulas that automatically calculate and display a value based on the ...

There is no shortage of reasons to use PDF files as a way to share documents. Especially nowadays when you don't even need enterprise level PDF software in order to turn a text document, spreadsheet or even web page into a shareable file that anyone can read regardless of their operating system or other software suite.
